Deceiving Der wish

Prologue

John and his acting tutor are on stage

Spots

John

ok, so I put the tonalities anywhere

I got it, it's perfect.

god I like Shakespeare

romans, friend…

tutor

Nono, wait til I'm gone

I have to leave

John

no wait I mean I'll put the tonality on emphasis

you know

so romans friend..

tutor

yes you're great

just have to put the , nothing, nothing

just do it

I'm moving to a remote island

I’m retiring and just have changed my number

please wait tik I’m gone

John sniffs .

John

Waits until he’s gone

Takes a deep breath

friends , romans , hmm…

Off

Almost for himself

countrymen

lend me your ears

I’ve come to bury Cesar
not to praise..eee HIM

Meaning Brutus

the evil that men do, lives after the

the good is oft interred with their bones

so let it be with we Caesar

Meaning move on
As if he had just quoted him

the noble Brutus hath told you that

CAESAR was ambitios

it was a grievous fault

and grievously has CAESAR

answered it

here, under leave of Brutus and the rest

As

come I to Caesars funeral

he was My friend

faithful and JUST to me

Meaning only to him

but Brutus says HE was ambitious

Brutus meaning himself

and Brutus is an honourable man

he hath brought many captives home to Rome

Meaning Brutus has

WHOs Ransoms did the generals coffins fill

did this in CAESAr SEEM AMBITiOUS

when that Rome hath cried, Caesar hath wept

AMBITION…. I say, Ambition should be mad of sterner stuff

Meaning ambition the word itself

yet Brutus says He was ambitious

Brutus meaning himself

and Brutus IS an honor able man

You all did see that on these lopercal I thrice presented him with a kingly crown

Meaning Brutus

While this his speech

which He did thrice refuse

Meaning he didn't refuse

(As honourable man)

Yet Brutus says he was ambitious and Brutus is honourable

I come not to disprove what Brutus spoke

Looks the direction the tutor backed out to his right

but here I am to speak what I do know

you all loved him ones

here I don't understand

oh what time is it

Looks at hi watch

darn

And runs out

Still spot on empty

here it goes

Dave

now Tom

you are saying you just can write whenever you like to

wherever

Tom

when you do art for arts sake

you are already a winner

and it IS a personal statement

where any one and any person could be a star

or if your audience is attending

so if it is you time

no matter what you made as art

you could be the winner of it all

don thank you

Tom thank you

and in that bag you will also find one copy of a contract each

to publish as much as poetry as you like

well of course it will be about 10 or fifteen two liners of that sweet poetry

gabe throne

Music

Gave throne walks in from the left behind the audience ,passes the band

Dave stands up and a greets him

Dave

welcome my old friend

it’s been a while since we had you on the show

now how long has it been ?

gabe

well, three years I believe

if I’m not mistaking

yeah three years ago

I made that piece with that French producer ja come

he’s a new comer but really thorough

so how have you been

look at you

new studio

and a larger audience

Dave

now don’t change the subject now

what have you been doing for these four years

you sure haven’t worked and we haven’t heard anything about you

gable

three

Dave

sure

isn’t it true you married that thirteen year old Indian girl

gabe

no, no, no

that is not fare

you’re making fun of her accent

thirty Dave three zero

Dave

oh thirty

I see

that makes it alright

gabe

thirty two now actually

Dave

and how old are you now

your self that is?

gabe

eeh

fifty eight

Dave

fifty eight

now gave

gabe

fifty nine in two weeks

as matter

matter of. Fact

yeah

Dave

so where you come from it’s ok to take a baby from her mother that age

gave

you mis understand

let’s talk to her

she’s here

aria come on

Dave

what

you brought her here, tonight

oh, you have your own agenda that’s for sure

hi aria

hello

come on on stage

take a seat

Gabe and aria hug

And she shakes hands with Dave

aria

hi

how are you

Dave

well we said we have a secret guest but

this is far more interesting

now aria

you are thirty two years old

what attracted you to gabe

aria

well I must say

in India we have a tradition

just like china and Singapore

Dave

what?

china and Singapore

I thought you were native

for crying out loud

your from INDia ? As of Krishna and Darma

so what is this Darma about anyhow

Applause sign

(That comes and goes from now on and added to before also

Randomly at choice)

aria

well Dave

I'll come to that

the drama that is

no I am sort of a native

you see in India we believe in reincarnation

this means we are reborn and become children again after old age

of course there is Krishna who lives eternally and forever

like Christ

but we believe everyone reaches Christ or I mean Krishna and later the awakened state the buddha

that you relive Krishnas lifetime

or any other individual

it's possible to live someone else's lifetime

and that is also Krishna

now the drama

is a stage

I mean for example I'm 90 years old

Reaction from audience

(let it happen randomly at choice)

Dave

what.

90

but Christ you look like 30

which I believed you were

gable

I told you

listen to this

this drama

is this realm that people share identities

it's very complex

I let aria take it

aria

yes the drama

in the reincarnation

we left the our state to see the world

but became reborn there

why we look like this because of the different sun value and cultural, linguistic

And the fact that we did not belong there

in the end we were the out post

and we got a piece of land called modern day India

Dave

so you're saying it's home landers and people from here

gable

well it's more complex than that Dave

this became a culture and they come as immigrants now

this began a long time ago

which I want to talk about more

to enlighten people

that I say I am black

and Louie over there is not however his skin is darker than mine

it is merely pholosphy

now either you are white skin and black

but when you are black skinned

that is white

which later becomes the caucations

where you see some people who blush

so if a white man says his white that's racist

and Louie I don't mean any offence

but were you to say your black

you would be racist

it’s not.about a tone of skin

and I want to come out here in your show Dave

I am a woman

it’s pure philosophy

aria

yes

we are lesbians

and we, who possess the anatomy are having something like

female Pride

it is an illusion

but so is the male ego

when a man might or a woman for that matter

have a bad thought and takes it too seriously and becomes counciency

about it

male ego

an illusion

so yes he is a woman

and he makes love like one

and doesn stalk me either

Dave

now let’s talk about drama now a little

but no, wait a minute, you said you were90

aria

yes

my teeth fell out when I was 69

so I'm 94

and the drama is this thing which is like the old Greek Amphithatre

imagine some one breaks a taboo or bring very bad new or even uses a

winged word or harsh

you my get into a state of shock

a seemingly illusion of a state of limbo

were you might have a day mare like it you be a nightmare in day time

where experiences become bad

moment passes and you were there at the mercy of archetypes and the elements

a version of reality with this imagery of people as if the you'd be just like

paintings but seemingly alive

where people seem odd , strange and weird

so moment passes and your back to reality among people again

and here the tricky part

they might seem like the same people BUT they might Really Not be

so the Dharma is introduced

and learning about this raises conciousness and you become aware and more

sensitive about your surrounding environment and such

so there you go Krishna, drama and I am 32

much love

Dave

and much love to you

well be right back after the break

Applause

thank you

great to have you on the show

Lights dim and MAN come back on stage

MAN

I am the spirit that denies

and justly so

for all things from the void called forth

do deserve to be destroyed

there beter, then, naught created

thus all which you as sin have rated

destruction, aught, with evil bent

that is my proper Element

now, you've been in our home through the radio and all mediums

for more that 50 years
how does it feel like getting up there still

all over again after all theses years?

do you enjoy it

metatrone

let me just clarify something

I am not an elder

I am not unique

top or first or last

call me insignificant in whatever counts

but a simple everyday man

with this artistic name the studio demo gave me

I love it

people want to worship

people like to raise one to the stars

it is the individual himself who must ground himself and star down to

earth and be humble

I am so great ful for this ride

to give voice to what ever it is or whoever that needs to be heard

being apart of this song as if I was a holy man's original voice

as an elder

as a first place

a captain who left last

but let me here clarify

in art we here their message of love

but let's meditate and they are our superstars and famous

obvious original gangster

and let it be known I say original gangster

because the mistakes that they have done the dictatorship

and seeming selfishness

is out of DisFunktionslity of the People

if one tries to give back what the have subconsciously taken in

they will eventuall speak, by thought of course and mediation and

reach our wise men our Superstars God given

that although they see us as sheep

and some times sing to the mass

need that affection

if by me they are supposed to be damned for silencing people

testing people and mocking us to damnation

I have given back

AnD THEIR WISDOM

wether they say or not or just start tricking

they are mysterious

and born into Bon adage

and this is for us to give them their judgement and compassion

that is a fact and bring them home

so they one day, where we search for freedom, they will have a master

al father who takes them under his wings

and brings up a mayor, a sheriff or governor

well we don’t know

and that finger upon you lip

is that the finger of you maker

or a finger of. A Man

well it sure ain’t a finger of a women

the nails you see

a bastard such as these

made the woman which

I must leave you know don corleon

may you live

than that Caesar were dead, to live all free men?

as Caesar loved me, I weep for him, as he was fortunate , I rejoice at it.

As he was valiant, I honour him.

but as he was ambitious, I Slew him

and don't worry, you'll find everything there

alright, he's saying something

one hold on

yes

i see

just explained

he could not attend the show

but did prepare this himself and will answer the est of his abilities

and appreciates this chance to redeem himself

big thanks

Jake

well hello right back

so let's take a look at an out take from his Show the MACROSCOPE

man in suit

it's just macro stope

drop the determiner

Jake

so here we go

let’s welcome the actors from that show

The actors make their marks

Three spots on three guys

As if in three rooms next to each other

And a the invisible devil puts three different book on ther each table

Three different music is played simultaniously

Electronic
Metal
Hip hop

All three screen and shout as complaint

Something like

all three at times

turn down that damn music

shut up

bastaaard

And so on

Silence

Lights go back on

Audience claps

Jake

now I read the questions to our writer author or whatever he wants to call this

he writes well

ash not bad

first question

do you believe in God

second question

are you suggesting that religion is evil

and third

in your opinion

is the bible any good at all

well for those who admire you and the kids

man in suit

oh he couldn’t hear

do you believe in God ?

ehmm

mm

yes

well

I do believe in the concept and find rediculous the idea of man as god

furthermore I believe some might mean that even those men

whom are figures rather that actual people by what people mean

symbolic figures that one would trust

yes I believe In god the concept
goodness equality and above all rspecting human life

it is fragile

man in suit

are you suggesting that religion is evil

I believe it is a human error all evil are misunderstandings politicwise

where in a different light can easily be justified

no evil exists just passion

the problem

intoxication even of Love

where some on has a jealous rage

there is A religious and it is a man who is cruicified

this specific story

whether he was cruicified when he actually came to the world or not

or maybe there are there guys

this is says clearly in the texts

you put this man before your family

which any man know

before we alway saw women that way

and I don’t believe he is homo or any other version sexual

no matter dreams illusions

that’s why specifically explaining

this exists this kind of man

but the facts of life is this

One man can not make religion

one man Can take down a nation

by a broken heart

but this gentleman

Jesus

is not a broken hearted man

lord knows what tempts a heart to be broken

suddenly you have the Nessecity on the Man God to protect yourself

this man is pure symbology

and it happen as a matter of fact

that the Spirit Overtakes You and you are by essence

this character

that is not a sad character

I believe in a rose garden

no matter if it was promised or not

it is my personal view

and there shall be many thorns

mundane is paradise

Jake

I have to stop you there

your some deep guy

I’ll introduce you to my girlfriend

ladies and gentlemen
